

St. Patrick's Church, Bengaluru has completed 175 glorious years. To celebrate this milestone, a Coffee Table Book (CTB) is to be launched shortly which unfolds the story of this dynamic Church (formerly a Cathedral): how it came into existence, the struggle of its founder Fathers and the vibrant Parish it is today.

This multi-colour Book of about 148 pages captures the history of St. Patrick's in all its uniqueness: right from the Grant of Land, the initial construction of the Church, the subsequent expansion and the architectural marvel that it presents today in the heart of central Bengaluru. You will also come to know of interesting historical details about the growth of this vibrant parish over the ages.

Designed and produced to the highest standards, the St. Patrick's Coffee Table Book will add lustre to any home, office, library, school, college, university or research center. To the diaspora of St. Patrick's, especially, it will be a conduit to happy memories of their

association with the Church and the Parish in their early days.

Most important: the sales proceeds of the Coffee Table Book will go towards the Village Adoption Program of St. Patrick's Parish. The chosen village parish of Kadisenahalli is 90km from Bengaluru. There is a 350 year old Church here and a Parish school with 216 children up to the 7th standard. The village faces an acute shortage of water with its borewells having gone dry. As part of the Village Adoption Program, we will bring in professionals from relevant fields to train the residents in efficient water management practices, as well as to provide them with soft skills and job

oriented training, and enhance sericulture development. We also plan to introduce

English in the school curriculum.
